ACADEMIC CREDIT UNIT

All our postsecondary programs are structured in semester credit-hours units where one unit of credit-hour is equivalent to about thirty (30) contact hours of classroom instruction and / or laboratory and a minimum of 7.5 hours of additional work outside of class during a semester.

In converting clock hours to credit-hours-quarter, the institution used the definition of credit-quarter established by the “Consejo de Education of Puerto Rico” where one credit is a 50 minutes period of instruction in a week during 12 to 15 weeks. The hours of additional work outside of class are assigned and evaluated by an instructor before or after each meeting.

ACADEMIC LOAD

A student attendance status is considered full-time when the student attends classes in all subjects (normally 12 or more credits) indicated in a curriculum “block” during an academic term of 12-15 weeks. Three 5-week “modules” make a full semester. In the case of programs measured in "clock-clock", it is considered that the student attends full time if you are scheduled to accumulate 225 hours in each period of 8 weeks and 450 hours in the quarter (15-17 weeks)

NORMAL DURATION OF ACADEMIC PROGRAMS

Our credit-hours, leading to a diploma/technical programs consist of 24 semester credits, as indicated below.

Daytime – In a close to 24 credits program, if the student maintains a full course load per term, the diploma requirements could be completed in two (2) terms of 15 to 16 weeks or about 8 months in a calendar year.

Nighttime – In a close to 36 credits program, if the student maintains a full course load per term, the diploma requirements could be completed in three (3) terms of 15 to 16 weeks each or about 12 to 13 months.

MAXIMUM DURATION OF ACADEMIC PROGRAMS

The maximum time allowed to complete a program is 1.5 times the normal duration of the program credits, hours or terms.

CODING SYSTEM OF COURSES

The course title or course is preceded by a code of 2 or 4 letters and three digits. The letters abbreviate the name of the program or of the subject and the number is an arbitrary one. The courses listed in the curriculum of each program are placed in order of basic, intermediate and advanced, however, the sequence in which they take can vary as long as the prerequisites are not violated.

STUDENT EVALUATIONS

In each term exams (theory), laboratory practice assessments and a note of support are offered in each of the courses. Students will also be assessed for additional work (outside of regular classes) through projects, class participation, etc. It will be offered at least one final exam in all courses. Moreover the instructor can evaluate the student through quizzes if deemed necessary.

No exams will be offered through the end of each registration (first week of classes). The exams will be offered replacement on the date established in the academic calendar. If there are valid reasons for a student to be absent from any discussion, it will agree with the teacher for the reversal.

Should be very close to the date of the final exam period or if no final exam and having just cause, it may proceed to assign a grade of Incomplete. The procedure for the removal of Incomplete will then follow.

EVALUATION SYSTEM AND ACADEMIC PROGRESS MEASUREMENT

In the process of evaluation of the student achievement, instructor use an alpha-numeric system where the grade is determined based on a score on a scale of 0 to 4 points (GPA) or percent. Also, a final status of each course could be posted by the Registrar in cases of transfers, withdrawals, etc. This alphanumeric set is the following:

		GPA		Percent				
A	=	Excellent	4.00	-	3.50	100	-	90
B	=	Good	3.49	-	2.50	89	-	80
C	=	Satisfactory	2.49	-	1.60	79	-	70
D	=	Deficient	1.59	-	0.80	69	-	60
F	=	Fail	0.79	-	0	59	-	0
T	=	Accepted in Transfer						
TR	=	Challenged and Approved						
R	=	Retaken						
I (N)	=	Incomplete**						
W	=	Official Withdrawal						
WA	=	Administrative Withdrawal						

The GPA is determined by multiplying the total number of credits completed by the respective numerical value of grades (0.00 to 4.00) and the sum of the products is divided by the total credits completed.

A	Excellent	4.0	P*	Pass	
B	Good	3.0	NP *	No Pass	
C	Satisfactory	2.0	I (N)	Incomplete	0.0**
D	Deficient	1.0	W	Withdrawal	0.0
F	Fail	0.0*	NR	Grade not Reported	0.0**
Y	Accepted in Transfer	0.0			

* Only used in courses in which an A, B ,C, D or F was not possible to be awarded .

** Until the receiver of a final grade. In the case of an incomplete I(N), if the incomplete is not removed, the “N” will become the final grade. In the case of an NR, the course will not be considered as “intended”. The student must repeat the course or been re-evaluated without an extra charge

GRADES REVIEW

If a student does not agree with their posted grades, he or she may request a review on or before the 3rd day of the date on which the grades were delivered according to the academic calendar. Applications will not be considered for review after that date.

TEMPORARY CLOSING

If due to unforeseen circumstances the Institution has to cancel classes or close temporarily, it will notify the student in person at the right time. If it is not possible to notify to the student in person, the student will be notified by telephone.

INCOMPLETES POLICY

Incomplete means that the student for good cause does not complete any requirements of their courses at the date specified in the academic calendar. The Incomplete will be accompanied by the qualification that is obtained by taking as zero (0) the work or works not completed.

In regular courses, incomplete removal shall be made within the prescribed period of ten (10) working days from the next academic or as established in the academic calendar term.

If not done during the time limit, the Office of Student Services will proceed to award the grade that accompanies Incomplete to the academic record of the student as the final grade. The work to be done for the removal of the incomplete must be indicated by the instructor who taught the course, and in his absence, by the academic director or coordinator. The score that accompanies the incomplete will not be used for determining the student's GPA until the incomplete has been removed, or becomes the final grade.

RETAKEN OF COURSES

In our diploma programs, the retaken of a course is permitted (if it is available) but the distinction of extra charges for repeated courses not because the student is charged for the whole program and not by the credit load at each term. So, to facilitate the student to pass all the subjects covered in their academic program and achieve graduation, the Institution provides to repeat courses with "D" or "F" at no extra charge if the student goal is to meet the requirements of graduation.

If a student gets "D" in any kind of course, he or she must repeat the course only for maintain satisfactory academic progress or reach the graduation index. An "F" in any course must be repeated in order to graduate. If the student changes their program of study and the failed course is not required, the course will not be considered in the new program and the student not have to repeat it.

Students who need to repeat a course in which he has failed or has been discharged, must take the necessary steps to enroll in it in the next term. If it has failed more than twice in a given course, he or she must get the approval of the Director or Academic Coordinator to repeat it.

If the student repeats a course, the highest grade will be finally used to determine the GPA.

If no excuse is provided with the notification, or no notification is provided, the student or parent/guardian will submit an excuse via phone, e-mail or written note upon the student's return to school.

- vi. The conference/meeting should include at least one staff member, such as the Student Services Officer and one of the student's instructors.

In extreme cases where the excuse could not be notified before, an assignment will be assigned that is equal to the time loss of class because the absent. In the event that the special work is not completed, the absence is considered to be unjustified and the school the student's final grade could be affected by the absence. The student will receive a grade by way of attendance to be included in the calculation of the final grade in the class.

SATISFACTORY ACADEMIC PROGRESS (SAP)

The Higher Education Act of 1965, as amended, requires institutions of higher education to establish and apply standards of academic progress that all students must meet to qualify and remain eligible for assistance from federal financial aid programs. Therefore, to maintain satisfactory academic progress to be eligible to receive federal (WIA, Veterans, etc.) or State grants (Rehabilitaci3n Vocacional) aid, students must maintain specified grade point averages and proceed through the program at a pace leading to completion within a specified time frame. In less than two years programs, the satisfactory academic progress is measured at the end of each term that concurs with a financial aid payment period and in the associate degree programs, at least one time at the end of each academic year.

Applicability

The policy applies to all students, no matter is full-time or part time students or are receiving assistance under any federal programs or not.

Evaluation Points:

In the case of our diploma programs, no matter are in credit-hours or clock-hours, the SAP is calculated at the end of each sixteen week term.

Required Completion Rates

Depending of the evaluation point, a student is required to complete a minimum of 67% or 100% of the credit-hours or clock-hours they attempt by the end of each payment period.

Retaken courses are counted as attempted each time are taken. Transferred credits are included as attempted and as completed.

Example: In the case of 67% evaluation point, a student who attempts 12 credit-hours must complete 9 credit-hours.

Required Grade Point Average

Depending of the evaluation point, a student must achieve a minimum cumulative grade point average (GPA) between 1.5 and 2.0 points. Any course with a grade of withdraw (W), fail (F), incomplete (I), approved (P), not approved (NP), grade not reported (NC) is not considered in the calculation. Only the higher grade obtained in repeated courses are included in the calculation.

Maximum Time Frame:

Students must complete their program within 150 percent of the credit hours required by the program. If after attending the "normal program length" the student have not been completed all the graduation requirements, he or she will have an additional time (no more than 0.5 times the normal program length of his/her program) to do it. Students who have reached the maximum allowable time will be suspended from receiving financial aid. Preparatory hours are

excluded from this calculation. Repeated courses and transfer credits accepted are included.

When a student fails to meet any of the standards outlined for a specified period, he/she will be placed on:

Financial Aid Warning

Recipients are placed on financial aid warning when they fail to meet the qualitative or completion rate components of Satisfactory Academic Progress (SAP). Students are allowed to receive federal or state student aid during the next evaluation (warning) period. If at the end of the warning period the student do not meet the SAP, students must apply and qualify for a financial aid probation (below) to maintain their financial aids or they will be suspended from any aid (see Financial Aid Suspension below).

Financial Aid Suspension

Students are suspended from receiving financial aid if they do not meet the SAP by the end of their probation term and if still not meet the GPA or percent of approved courses required. Students on financial aid suspension will not receive any form of Federal or State Financial Aid (Grants, Student Loans, Student Employment). Financial aid eligibility may be reinstated by qualifying for Financial Aid Probation, or when all Standard of Satisfactory Academic Progress are met. Students suspended from receiving financial aid are not eligible for a financial aid deferment.

Financial Aid Probation

Students who would otherwise be suspended as a result of not meeting the SAP will be placed on Financial Aid Probation if they appealed the suspension and has had eligibility for aid reinstated. Students are allowed to receive federal student aid during the probation term. Students exceeding Maximum Time Frame are not eligible for Financial Aid Probation.

POLICY FOR THE SAP APPEALS

If a student is ineligible for Federal Financial Aid based on the satisfactory academic progress requirements, the student may appeal this decision by completing the Satisfactory Progress Appeal Form in the Student Services Office. The student will be advised in writing of the decision.
